347-307-0221 | lucas.t.weatherwax@gmail.com

EDUCATION

- **Jordan High School** | Class of 2027
 - GPA (as of May 2026): 4.0 Unweighted, 4.8 Weighted
 - Rank (as of May 2026): 13/888 (top 1.5%)
- **SAT Score**
 - 1550 (800 Math, 750 English)

ACADEMIC COMPETITIONS

Technology Student Association (TSA) | Data Science & Analytics

- **2026 | Global Tourism Recovery & Affordability Analysis**
 - Top 24, National Competition / 3rd Place, Texas State Competition
 - Completed a 24-page analysis of international tourism, purchasing power parity, and economic recovery datasets to investigate factors influencing post-pandemic tourism recovery across countries.
 - Developed Python-based analytical workflows using pandas to process data and identify relationships between affordability and tourism growth.
 - Applied regression analysis and data visualization techniques to examine how changes in affordability affected tourism receipts and international arrivals.
- **2025 | Housing Market Analysis**
 - 4th Place, Texas Regional Competition
 - Completed a 20-page analysis of housing market and demographic datasets, leveraging Python and Excel to analyze migration patterns, regional housing price trends, and the relationship between remote work, population movement, and housing demand.

Future Business Leaders of America (FBLA) | Agribusiness

- 2026 - 1st Place, National Competition / 1st Place, Texas State Competition
- 2025 - 1st Place, Texas State Competition

University Interscholastic League (UIL) | Mathematics & Number Sense

- 2026 - 2nd Highest Scorer from Jordan High School in Both Events, District Competition

ENTREPRENEURSHIP

Online Clothing Resale Business | 2023 - Present

- Built and scaled a multi-platform apparel resale business generating \$50,000+ in revenue, \$20,000+ in profit, and 1,000+ sales across Depop, eBay, Mercari, and Poshmark
- Independently manage inventory sourcing, pricing strategy, shipping logistics, customer communication, and financial tracking
- Developed Excel-based tools to analyze sales trends, profit margins, inventory turnover, and tax-related financial records

- Applied data-driven decision-making to optimize purchasing, identify high-performing product categories, and improve operational efficiency

501c3 REGISTERED NONPROFIT

Clothe to Care | 2025 – Present | Instagram - @clothetocare

- Received the Heart of Fulshear Award for outstanding involvement and service in the local community
- Co-founded a student-led, registered 501(c)(3) nonprofit providing high-quality clothing to underserved individuals and families through organized community distribution drives
- Partnered with Family Hope, recognized as the 2026 Best Latino Nonprofit, to host bi-monthly large-scale clothing drives since the organization's founding.
- Coordinated the sourcing, organization, storage, and distribution of over 1,500 pounds of donated clothing through community drives and thrift store partnerships
- Structured donations into complete outfit packages, with each bag containing coordinated clothing items such as tops, sweaters, jeans, or other essentials to provide recipients with wearable outfits

LEADERSHIP

Technology Student Association (TSA) | Vice President (2026-2027), Treasurer (2025-2026)

- Vice President Duties: helped lead a 350+ member TSA chapter through competition coordination, member engagement, fundraising, and chapter activities
- Treasurer Duties: managed budgeting and financial organization efforts

Computer Science Club | President (2026-2027), Vice President (2025-2026)

- Grew club membership from approximately 10 students to 60+ members
- Established and oversee six specialized divisions within the club: Website Development, App Development, Hackathons, Peer Tutoring, Competitive Programming, and UIL Computer Science
- Coordinate division leaders, projects, meeting activities, and competition preparation to ensure each team remains active and provides members with opportunities to participate in technical projects and competitions
- Lead overall club operations, officer coordination, technical initiatives, and member engagement as president

Physics Club | Co-Founder & President (2026-2027)

- Co-founded Jordan High School's Physics Club to encourage greater student awareness and interest in physics and create a collaborative physics community
- Grew the newly established club from zero to 50+ members during its first year
- Organize hands-on physics demonstrations, experiments, and activities designed to make advanced concepts more accessible and engaging
- Coordinate opportunities for members to participate in physics competitions, including PhysicsBowl, while promoting internships, summer programs, and other STEM opportunities

Future Business Leaders of America (FBLA) | Fundraising Committee Leader (2026-2027) & Grade Level Ambassador 2025–2026)

- Selected to lead the chapter's primary fundraiser raising nearly \$30,000 for chapter competitions
- Encouraged student involvement in competitions, chapter activities, and engagement efforts
